# How to use Secure Messaging on the Your Future SIPP Portal

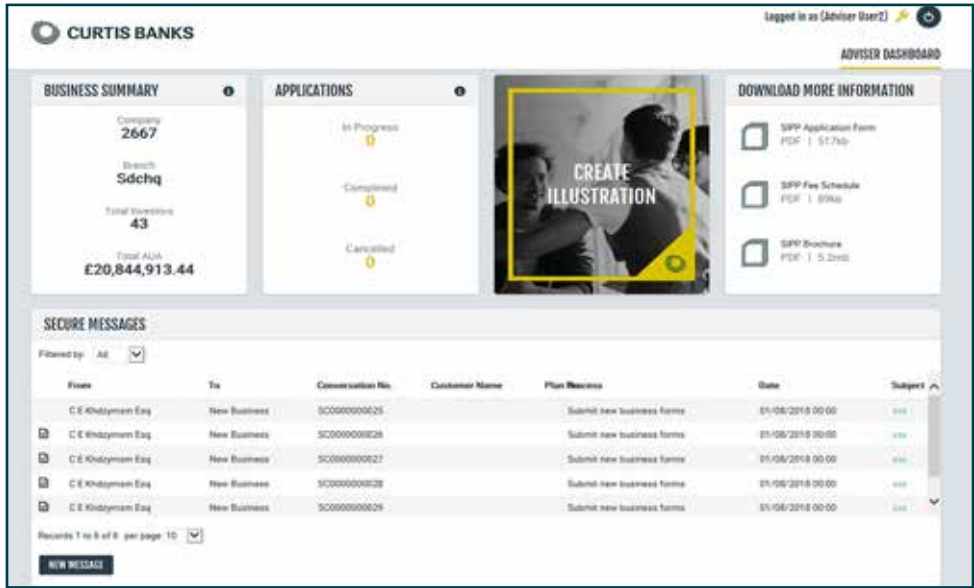

## Adviser dashboard

Once you have logged into the Your Future SIPP Portal, Secure Messages will be one of the options to choose from on the Adviser Dashboard.

## Accessing Secure Messages

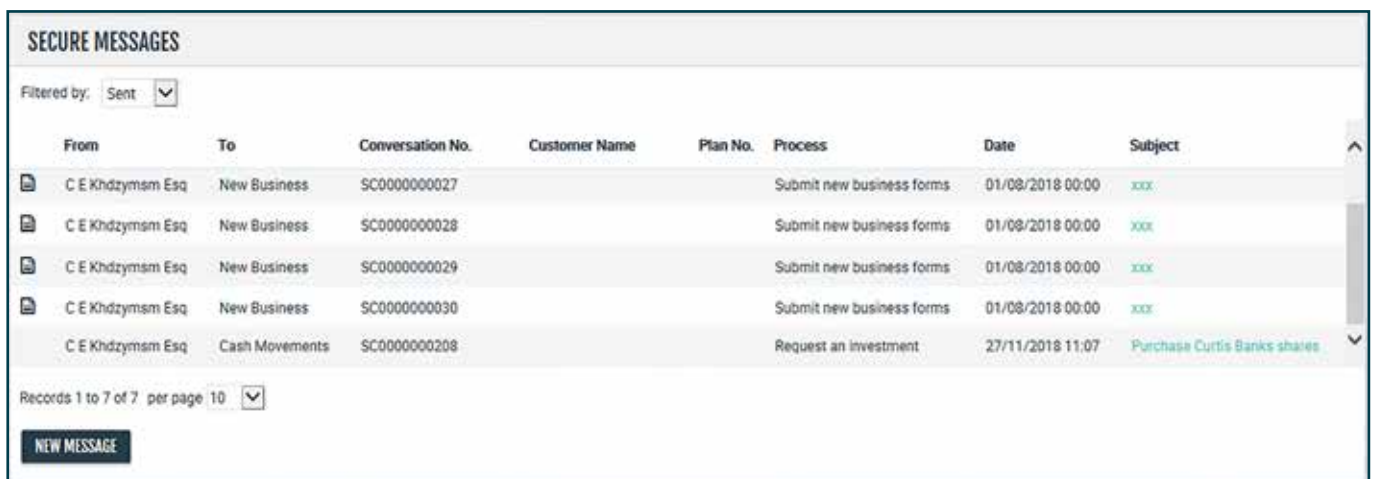

When accessing your Secure Messages you will be presented with the default view of all your Unread messages. You can view your inbox, sent items, or all messages by changing the display option in the 'filtered by' drop down list.

All of your Secure Messages will contain a Conversation Number specific to each message thread.

## Creating a new message

If you wish to create a new Secure Message in relation to a SIPP that has yet to be established, click the **New Message** button from the adviser dashboard.

## Creating a new message (continued)

If your message is in relation to an existing plan, locate the correct plan from your firms plan list and create a new message from the plan dashboard.
