

# Entity tax residency self-certification form

Please complete this form to ensure the information we hold for you is accurate and up to date. Once completed, please return this form to your adviser as soon as possible. If any party signs but fails to date a signature, the date that we receive this form will be the date that the signing party signed this agreement.

## Why have we asked you to complete this form?

As a UK financial institution, we're obliged to identify and report information on certain non-UK tax residents to HMRC. The reported financial information is then shared by HMRC with other countries, under different automatic exchange of information agreements.

To improve the transparency of tax affairs in an increasingly globalised financial sector, the Organisation for Economic Co-operation and Development (OECD) approved the introduction of the latest agreement known as the Common Reporting Standards (CRS).

As a result, we need you to complete this form to ensure that the information we hold for you is accurate and up to date. Once completed please return this to your adviser, who will share the information with us so that we can verify that all your details are correct.

If your residency status changes in future you must inform us and your adviser of any changes to your personal details. If necessary, we may ask you to complete an updated self-certification form in future.

Please note that in certain circumstances the information you provide may be disclosed to HMRC who in turn may exchange this information with tax authorities in other jurisdictions. This is a requirement under the Foreign Account Tax Compliance Act (FATCA) and the OECD's Common Reporting Standard (CRS).

## Where can I find more information?

The OECD has comprehensive information available on CRS on their website:

[www.oecd.org/tax/automatic-exchange/](http://www.oecd.org/tax/automatic-exchange/)

In particular, their pages on tax residency and tax identification numbers may provide useful information on how these can be established and identified.

In addition, if you're unsure of any of the definitions and terms used in this form, further information can be found at the following page on the OECD website:
