Using this form

Please use this form as an instruction to either:

- withdraw money from your Offshore Bond, or
- fully surrender and close your Offshore Bond.

For one-off or regular withdrawals, please complete Section 1 and 3.

If you wish to fully surrender and close your Offshore Bond, please complete Section 2 and 3.

Important notes

If you are considering surrendering your policy(ies) in order to apply for a new policy with a different provider you should consider the full consequences of this.

Establishing a life assurance policy typically involves costs that are passed on to the policyholder through charges applied at the outset or upon full surrender. It is important to carefully assess the level of charges associated with surrendering your current policy and compare them with those of any new policy you are considering, particularly as there may be multiple sets of charges applied. You should seek advice from your financial adviser before making any changes.

Please also be aware that if your policy is invested in assets that do not trade daily, there may be delays in processing the withdrawal or surrender and transferring the proceeds to you.

In cases where your policy holds illiquid or suspended assets, we may be unable to complete a withdrawal or surrender immediately. You may submit an additional request once those assets become liquid or the suspension is lifted.

One-off or regular withdrawals

There must be a sufficient cash balance in your Offshore Bond before payments can be made. If not, the payment will be delayed until the money has cleared from the disinvestments you have instructed.

If you wish to sell specific assets to fund your regular withdrawals, you will need to provide instructions detailing the assets to be sold. Please check that your chosen investment providers are able to set up the required disinvestments and then complete our **Instruction to Trade Form**.

Please note that regular disinvestments are not permitted from platform funds. If you are invested in platform funds and wish to do this, you will need to provide individual sale instructions each time you wish to take a withdrawal from your Offshore Bond.

We require one month's notice, in writing to start or amend regular withdrawals.

If we are paying money directly into your bank account, please note that a copy of your latest bank statement will be required if we have not previously made payments to the bank details you have provided, or if premiums have not been paid to us from this bank account.

Please note that payment to third parties cannot be made.

Withdrawals in excess of 5% of the total premiums paid into an Offshore Bond in any policy year will give rise to a chargeable event and may result in a tax charge. The tax treatment of the proceeds paid from your Offshore Bond will depend upon your country of residence or domicile and personal circumstances at the time. You should be aware that when you create a chargeable event, the full details of the chargeable event will be provided to HM Revenue & Customs (HMRC) if the value of the gain is in excess of half the basic rate tax threshold.

You should discuss your tax position with your adviser before any withdrawals are instructed.
