Full list of Investment Partners and firms

Below is a list of investment firms with whom Curtis Banks has a relationship - across the Your Future SIPP and our heritage products.

Investment Partners provide an integrated option by reporting data to us electronically, allowing us to pass on fee savings to you. These electronic data feeds update our systems automatically and can be viewed through our secure portal at curtisbanks.co.uk.

Where a firm is named but there is no Investment Partner status showing, this just means we have an established business relationship with this firm but no data integration in place.

Please note that the inclusion of any firm on this document does not represent an endorsement or recommendation.

You may choose any firm listed, although certain products have dedicated panels of Investment Partners. Where we're required to place transactions directly with an Investment Partner, standard transaction fees will apply. Please refer to your product's Schedule of Fees.

We can also deal with other investment firms that meet our due diligence requirements. If a firm does not meet the criteria to become an Investment Partner, additional fees may apply.

You are responsible for selecting an FCA regulated investment firm, as Curtis Banks cannot provide advice. Our panel is reviewed regularly, and we'll notify you if any changes to this list affect your plan.
