## Regular withdrawals

Please complete this section if you would like to receive regular withdrawals from your Nucleus Onshore Bond.

Payments will be made to the bank account aligned to your Nucleus wrap.

If total withdrawals, advice fees and discretionary fund manager fees exceed 5% per annum of total premiums paid (including additional investments) in any policy year, a chargeable event gain will arise. This may result in an income tax charge (unless the 5% allowance from previous years has not been used). Please refer to your adviser for further information.

Tax treatment depends on your individual circumstances and may be subject to change in future.

This section should only be completed if regular withdrawals are required.

Payment frequency (please select)

Monthly      Quarterly      Half yearly      Annually

Please note we use the processed date, not the payment date for chargeable event calculations. The processed date is typically nine working days prior to the payment date to allow for the sell-down of assets to cash. It may be earlier if your payment date falls on a bank holiday or weekend. If the payment date chosen is on, or close to, the policy anniversary date this may lead to a chargeable event gain as you may receive 13 withdrawals in a single policy year.
