Using this form

Please use this form to appoint and/or remove a trustee from a trust you have set up over investments held with Nucleus using one of the draft Trusts provided by us.

This form has been designed for trusts used in conjunction with Nucleus products. **Please note the underlying trust assets should not include a pension plan and therefore this Deed is not to be used in conjunction with Nucleus SIPP products.**

We strongly recommend you seek separate legal and taxation advice prior to signature and during the life of the Trust. You must ensure any appointment or removal of trustees is carried out in accordance with the powers and requirements set out in the Declaration of Trust.

The form must be signed in Section 3 by each party in Section 1 before a witness, who must sign against each signature witnessed. The witness must be independent, over 18 and not a relative of the person whose signature is being witnessed.

Once signed, the original form should be returned to us for noting and return. Once returned to you, it should be kept with the Declaration of Trust, policy documents and other Trust papers.

The form does not deal with the removal of a Trustee without them being party to it (except in the event of the Trustee's death). Any removal must follow the powers and procedures (if any) set out in the Declaration of Trust. Any separate document removing a Trustee must also be forwarded to us for noting and return.

There should be at least two Trustees remaining unless a Trust Corporation (within the meaning of the Law of Property Act 1925) is a Trustee. Where a Trustee is retiring or is being removed, another Trustee should normally be appointed at the same time in place of the exiting Trustee. If a replacement is not to be appointed at the same time, separate legal advice should be sought.

The Deed and the notes in relation to its use are for general guidance only. This document is presented as a draft for the consideration of the parties' legal advisers. Whilst every effort has been taken in the preparation of the document to ensure that it is capable of achieving the objectives stated above, no responsibility can be taken by Nucleus for the interpretation of the law or future changes in law and practice.

As the circumstances of each individual are different, Nucleus cannot guarantee that the objectives of any particular individual will be achieved using this draft. Accordingly, Nucleus can accept no responsibility for any loss occasioned from the use of this draft Deed.
