How to process a Flexi SIPP new business application

This guide is demonstrated using an adviser user with master user role permissions. If you have a different user role permission, some functionality may not be available to you.

To start the Flexi Self-Invested Personal Pension (Flexi SIPP) new business process, you first need to create your client.

To create and search for your client please refer to the guides on our website.

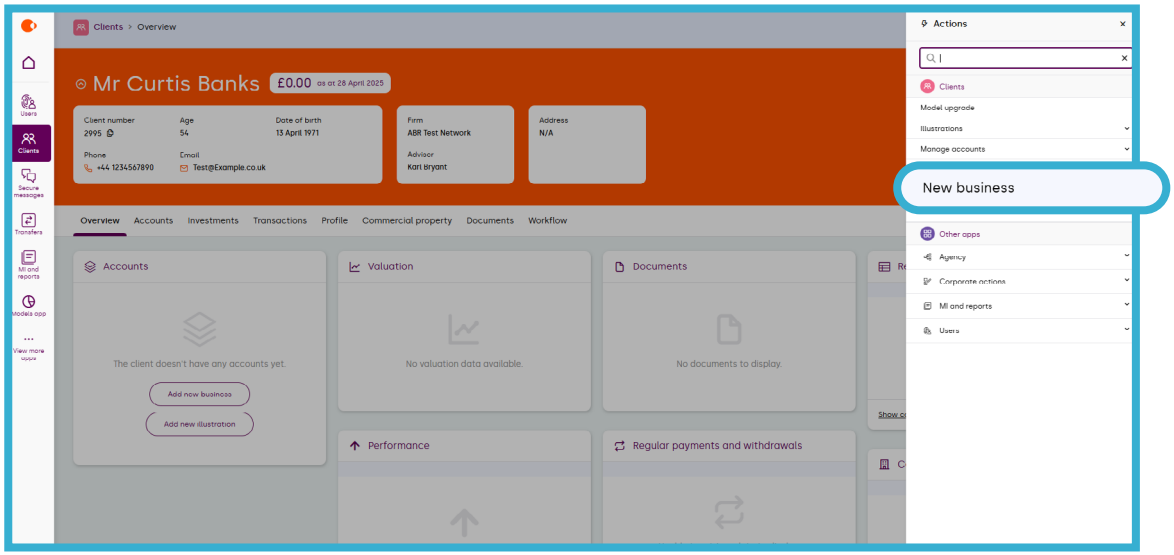

Ensure that you have your client's drawdown, crystallisation, annuity, LTA and bank account details, if your client will be taking pension benefits. You'll be asked for this information during this application.

Once you've created or located your client, you can refer to this guide to proceed with submitting the new business Flexi SIPP application.

From the client home page select the '**Actions**' button.
